Section 16. Income Tax.

A The Board, at its first meeting, pursuant to 715.74(C) of the Revised Code, shall by resolution levy a JEDD income tax and adopt the provisions of the City Income Tax Code, as it may be amended from time to time. The current rate in the City's Income Tax Code is two percent (2%). The JEDD income tax rate shall be two percent (2%), subject to change as provided herein. The JEDD income tax shall go into effect within 60 days of the adoption of that Board resolution, as provided therein. The rate of the JEDD income tax shall change from time to time so that it is equal to the rate of the municipal income tax levied by the City; no action by the Board shall be required to effect that change, which change shall go into effect on the first day of the month following the applicable change in the municipal income tax rate of the City. The Board shall promptly notify the Contracting Parties and the Administrator of the JEDD income tax of such a change. The JEDD income tax receipts shall be used for the purposes of the District and the Contracting Parties pursuant to this Contract. The JEDD income tax applies to all applicable entities and employees, as defined in the City Income Tax Code, located within the District.
